February 1, 2019

Dear New University of Florida Medical or Dental Resident/Fellow:

Welcome to the University of Florida. I hope that you will find your training experience here challenging and profoundly worthwhile.

As Interim Director of the UF Student Health Care Center (SHCC), it is my role to oversee the Occupational Medicine Program for the University. It is our goal at this program to tailor the Post-Offer Health Assessment Evaluations of new employees to the individual job description and duties. As Medical and Dental Residents or Fellows, your patient care duties make a post-offer screening process both advisable and necessary. Via this evaluation, we hope to minimize any occupational risks to you and to ensure that you can safely perform the essential functions of your new job. Please make sure you print your name and UF ID number legibly on each page.

Please complete the Post-Offer Screening Patient Contact Forms (www.ehs.ufl.edu/programs/occmed/healthassess/residents) and return them to the UF Occupational Medicine Program via email (occmedclinic-riskassessment@ahc.ufl.edu) by May 1, 2019.

- **Section I: Medical History** – Includes completing questions on pages 1-2. Please complete your contact information should we need to contact you if more information is needed prior to beginning your Residency/Fellowship Program.

- **Section II: Immunization History** – Must be completed and signed by a physician or authorized health professional certifying the accuracy of your immunization data. Go to your university or college’s student health services or your hospital’s occupational health service for completion of this information. Your immunization history will not be accepted if you complete the form and sign it yourself. Please take the time to collect all specific immunization and/or titer dates and any X-ray results and submit these together. You will not proceed through the medical clearance process to official hire until all records are received, reviewed and approved.

- **Medical History Questionnaire for N-95 Filtering Face Respirator** – Complete the form, as you may be required to be fitted for this piece of protective equipment.

Please note that the specific medical history information you supply will be kept confidential and will not be shared with your Residency/Fellowship director or program. The Occupational Medicine provider will determine if additional medical information, testing or a physical examination is needed based on the medical information you provide. Occupational Medicine personnel may notify you if additional information is needed. Should additional vaccinations or titers be necessary, it is your responsibility to get these before you start your residency and to submit to the Occupational Medicine program prior to your start date. If a physical examination, immunizations, or additional testing are required you should obtain them through your current medical provider.

Once all needed documentation is completed, the UF Occupational Medicine personnel will either recommend you for duty with certain specified restrictions or modifications to your job duties or you will be recommended for full duty without limitations.

If you have any questions regarding the UF’s Post-Offer Screening and Medical Monitoring Programs for Medical and Dental Residents/Fellows, please send all correspondence to occmedclinic-riskassessment@ahc.ufl.edu. Once again, welcome to the University of Florida.

Sincerely,

**Ronald Berry, MD**

Interim Director, UF Student Health Care Center (http://shcc.ufl.edu/)

### Required Immunizations

Positive titer for immunity will substitute for shots on numbers 1-4. Titers must have lab attached.

<table>
<thead>
<tr>
<th>Immunization</th>
<th>Required</th>
<th>Titer Date &amp; Result*</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Measles</td>
<td>Yes</td>
<td>Mo/Day/Year</td>

</table>

### Required Tuberculosis Screening

Tuberculosis screening completed within 12 months prior to start date must be either: Two negative TST’s** (PPD’s) or a negative Interferon Assay. 

<table>
<thead>
<tr>
<th>Test Type</th>
<th>Date Placed</th>
<th>Date Read</th>
<th>MM</th>
<th>Neg or Pos</th>
</tr>
</thead>
<tbody>
<tr>
<td>PPD** #1 Skin Test (Tuberculosis Screening)</td>

<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Interferon-based Assay*</td>
<td>Date</td>
<td></td>
<td></td>
<td>Result</td>
</tr>
</tbody>
</table>

(OR)

If past positive PPD or positive Interferon Assay you must submit documentation:
1. Original report of positive TST, (BCG is not a substitute for a previous positive screening for TB).
2. Chest x-ray within 12 months prior to start date (record below), and
3. UF TB surveillance form. All 3 items must be submitted.

<table>
<thead>
<tr>
<th>Test Type</th>
<th>Date Placed</th>
<th>Date Read</th>
<th>MM</th>
<th>Neg or Pos</th>
</tr>
</thead>
<tbody>
<tr>
<td>Past Positive PPD skin Test</td>
<td></td>

<td></td>
<td>Result</td>
</tr>
<tr>
<td>CXR* (only if past positive PPD)</td>
<td>Date</td>
<td></td>
<td></td>
<td>Result</td>
</tr>
</tbody>
</table>

*All titers, assays, and chest x-rays must have results attached

**TST’s (PPD) placements must be at least 7 days apart and cannot be placed within 28 days after a live virus immunization like measles, mumps, rubella, or varicella. TST’s (PPD’s) must be read within 48-72 hours after placement.
